

Period Dignity Project

share the dignity

we've all been caught out at some stage, and no woman should have to go without sanitary items

please take what you need

The Healthy Ireland Survey 2022¹ indicated that 24% of eligible respondents had experienced at least one issue that is indicative of period poverty: -

had to improvise with materials not intended for use during their period

10% have struggled to afford period products

have changed to less suitable products due to cost

have asked to borrow products they couldn't afford

¹ Healthy Ireland Survey 2022 Summary Report available at www.gov.ie

Supported by the Department of Health, free period products for those that need them, are available at the following locations in Offaly...
